Polar

Engineering soul

DESIGN
Jorge Pensi Design Studio, 2022

EN — polar is a task chair that ensures maximum customization in terms of ergonomics with its simple and intuitive built-in mechanisms.

The backrest consists of an injected-moulded nylon frame with a breathable, flexible polyester mesh for a sense of transparency. A special mechanism allows the seat's depth to be adjusted. The chair guarantees excellent comfort thanks to its weight-activated, synchro-tilt mechanism that is able to regulate the degree of tilting autonomously according to the user's body weight.

IT — Polar è una seduta operativa che garantisce una massima personalizzazione in termini di ergonomia grazie alla presenza di meccanismi integrati semplici e intuitivi. Lo schienale è composto da una struttura in nylon stampato a iniezione alla quale viene fissata una rete in poliestere traspirante e flessibile, che dona trasparenza.

Grazie ad un meccanismo che ne consente il movimento, è possibile regolare la profondità del sedile. Un moderno meccanismo sincronizzato autopesante, capace di regolare autonomamente l'intensità dell'oscillazione in funzione del peso corporeo dell'utente, garantisce inoltre a questa seduta operativa adattabilità ed estremo comfort.

Kuadra

DESIGN
Pedrali R&D, 2001

EN — A very simple shell becomes an icon: from the plywood type in oak veneered with horizontal veins, up to technopolymer and methacrylate materials, to end up with the upholstery version. An innovative backrest that offers comfort, the curved lumbar profile allows an ergonomic rest. Kuadra is multitasking by definition, available with tubular frame in square section laser-cut, refined and innovative, or in the traditional versions in tubular frame or sled base in steel rod.

IT — Una scocca semplice diventata iconica: dalla versione in multistrato impiallacciato in precomposto di rovere con venatura orizzontale, fino a quelle in tecnopolimero, metacrilato e imbottito. Uno schienale innovativo: dal profilo lombare curvato, che permette un appoggio ergonomico, alto e confortevole. Multitasking per antonomasia, Kuadra è disponibile con struttura in tubo quadrato tagliato al laser, curata e innovativa, oppure nelle versioni più tradizionali in tubo e a slitta in tondino d'acciaio.
